

GENERAL TERMS AND CONDITIONS

Version dated March 1st, 2025.

This document defines the conditions under which the "VTS Player" application is used to read content generated with VTS Editor.

VTS Player is published by SERIOUS FACTORY, a French simplified joint stock company (société par actions simplifiée - SAS) with a share capital of €79,196.90, registered with the Nanterre Trade and Companies Register under number 500 592 183, whose registered office is located at 2, rue des Bourets 92150 Suresnes (hereinafter "Serious Factory").

WHEREAS

VTS is a software suite that enables the design, development and deployment of serious games, simulators, and other digital and interactive contents dedicated to user training and communication topics. In order to read the content generated with the VTS Editor software, Serious Factory offers a content player in the form of an application called VTS Player.

VTS Player can be downloaded directly from an online store (mobile application or website) or via the solutions made available by SERIOUS FACTORY as part of its Virtual Training Suite software suite.

The use of VTS Player implies the acceptance of these General Terms and Conditions (hereinafter, the "T&Cs").

These T&Cs apply to anyone accessing VTS Player on a professional basis. When a user wishes to use the VTS software suite for personal and non-professional use, they must contact Serious Factory directly.
